

Tax

Shouldn't we all be playing by the same rules?

Lower taxes for you

For too long it's been one rule for the very rich and another for ordinary people when it comes to tax.

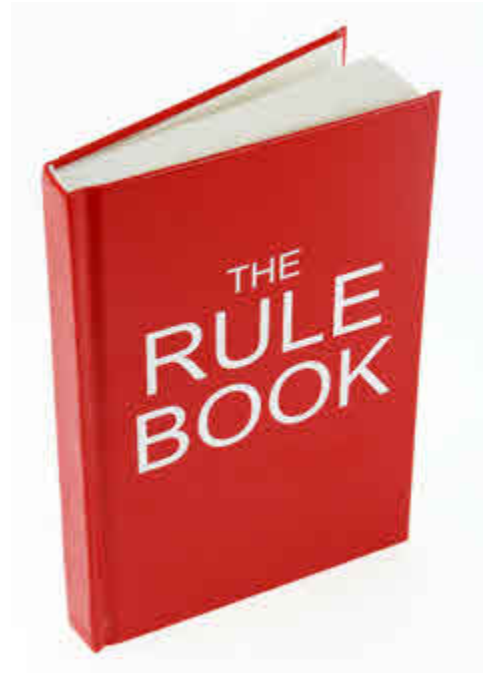

A tax system that lets the super rich dodge paying their fair share is wrong. A tax system which means that people who go to work can end up worse off than those who stay on benefits is broken.

That's the legacy of decades of Labour and Conservative Governments. That's the fundamental unfairness the Lib Dems are fighting to change.

Fairer Tax means the very rich pay their fair share, while the average worker pays less.

No income tax on the first £10,000 you earn means **£60 a month** back in the pocket of the average worker - or **£120 every month** to the average family.

We're well on the way to delivering this goal. Next April sees the biggest

Fighting to deliver a £10,000 personal allowance for the average worker - cutting the tax bill of average families by £1,400 a year.

Frozen Council Tax bills for two years running ending years of relentless rises under Labour.

Stopped Labour's planned rises in fuel duty, helping millions of people across the UK.

The Lib Dems will make everyone play by the rules on tax

Lib Dem Leader & Deputy PM Nick Clegg

Making the super rich pay their fair share - see over

The Lib Dems have cut 24 million people's income tax bills by £600

Make the super rich pay their fair share

We should always celebrate success in Britain. But success shouldn't mean that you can avoid paying your fair share.

Tax avoidance was completely out of control under Labour. A millionaire could pay lower rates of tax than the person cleaning their mansion!

Many right wing Conservatives actually think that the richest pay too much! Only the Lib Dems will make the super-rich pay their fair share.

The Lib Dems are fighting for a mansion tax on houses worth more than £2million and a new tax on the wealth of the super-rich.

For 13 years, Labour let the banks and the super rich dodge paying their fair share. It's time to change that.

The Lib Dems are making YOU better off:

£3,705 - amount of income tax someone earning £25,000 a year paid under Labour.

£3,112 - amount of income tax someone earning £25,000 a year will pay this year - thanks to the Lib Dems.

Lib Dem action on fairer tax

- ✓ Capital Gains Tax increased from 18% to 28% to stop richest dodging their fair share
- ✓ Tough new measures to crack down on tax avoidance
- ✓ New tax on house sales worth over £2million
- ✓ New £10billion tax on the banks - ending their free ride under Labour
- ✓ Tax on private jets
- ✓ Campaigning to deliver a mansion tax and a new tax on wealth of super-rich.
